391 AUDITORS REPORT 2018/2019

The Acting Town Clerk reported that the External Auditor had finally completed the final stage of the annual audit of accounts. He provided a full report of the Auditors report and related papers and the meeting discussed the details. The appropriate Public Notices will now be displayed for the required period. Copies of the AGAR will be made available for purchase by any Member of the Public, and it will be retained for Public access for a minimum of 5 years.

The Acting Town Clerk also reported that the reason for the delay in issuing the confirmation of completion of the Annual Audit was caused because “challenging correspondence” had been received by the External Auditor against the Town Council AGAR submission. This needed the attention by the Auditor. After consideration, the External Auditor had determined that the “challenging information” did not meet the qualification criteria required for a formal objection (to the accounts). The Notice of completion of the Audit was therefore issued.

The Acting Town Clerk had written requesting details of the challenge, in order to enable the Council to review its detailed financial procedures. . However the Auditors had confirmed that there was no obligation on the Auditor to provide the details requested. After discussion, the meeting **agreed** that the Acting Town Clerk make a further request, in an attempt to identify the nature/aspect of the challenge, not the identity of the “Challenger”. This would be solely used to identify additional improvements to the Town Councils detailed financial procedures and regulations.

RESOLVED that; the contents of the Auditors report be noted
