Human Resources requested by councillor Pearce

I would like to discuss with other councillors, in a formal meeting the circumstances leading up to my Peninsula access, as main contact, being withdrawn on the afternoon of Wednesday 8th August, when I am in the middle of putting the paperwork together on 2 HR issues to take back to HR committee. The reason why the full 7 days' notice has not been given is that this only happened just over 24 hours ago. The reason it cannot wait until the next full meeting, at the end of September, is that I need my access to these finished sensitive notes on Peninsulas data base being compromised
