

**Kimberley Town Council – Internal Audit, Year ended 31<sup>st</sup> March 2023**

***Item O Trust Funds – the Council met its responsibilities as Trustee***

As part of the audit I have viewed three invoices from solicitors whose advice has been sought in connection with establishing the legal requirements concerning the recording of financial transactions and issues such as public access relevant to the entirety of the Stag Ground, which was conveyed to the Town Council by CISWO in 1929.

I understand that the Town Council is currently communicating with both CISWO and the Charity Commission and that it intends to comply with whatever regulations are deemed appropriate to its situation. At the time of writing, the exact requirements remain unclear and it is to be hoped that this will be defined and the relevant procedures set up, in the coming year.
