

Cllr Philip Owen Report Full Council 24th October

A couple of points to report. Firstly, I have been pestering Via to get the mini roundabout marked up as it is clearly dangerous with the markings having all but disappeared. I have been advised that a slot has been booked, subject to weather conditions, for the roundabout to be painted plus the give way markings, this week. I hope that by the time that I have returned that will have been dealt with.

Secondly, I have been pursuing the Maws Lane TRO but have no update at the minute. If I hear anything before I go away I will let you know. I have asked the Police to look at the obstructive parking that is going on at this location and they assure me that officers will/have visited.
