

Cllr C Carr Report – October 2024

Update on ASB on Noel street

I have attempted to contact Gerard about the issue, when speaking to the resident they seemed to think the previous PCSO had notes on the issue when they late reported it but I have not heard back from Gerard about whether these notes had been passed on if they were filed away anywhere.

Myself and Andy have spoken to Cllr Faccio the portfolio holder for community safety at Broxtowe who was due to have a meeting with the inspector and we've been informed that the PCC is looking at increasing community policing in the next year.

WFA & Pension credit assistance

Following from last month I have received some more calls from pensioners about the removal of the WFA. I have been directing them to apply for pension credit as well as the workshops that have been scheduled to help pensioners to sign up for the additional assistance.
